

Commitment to LEAN Culture 2021-2024

Overall mission

VSMPO TiRus GmbH aims at propagating within the company the LEAN culture. On all levels of the company our people are focused on efficiency with improved employee engagement & enhancement of customer satisfaction.

Methodology

To propagate benefits of lean culture in the company: combine the continuous improvement of our QMS with increased efficiency and reduction of non-value added activities. Enhance employee knowledge and skills.

← *To analyze core processes regularly & continuously challenge interfaces between departments.*

← *To review the results with staff. To discuss and implement opportunities for improvement.*

Regular review

The LEAN approach is not only cascaded down from management to staff level but is thought to be part of everyone's daily participation in the success of VSMPO TiRus GmbH. The objectives, methodology as well as proposals for improvement are regularly being discussed for instance in the management meetings.
